***Additional support will be evaluated by the Site safety and RM when needed. The specifice PPE requirements will be decided and changed as needed determined by the site safety officer and RM.

* As needed for support.

As we agreed last week the rescue workers suits(Tyvek BR) can be reused as they have not been impacted with product.

Haz Max Boots will be wet Deconned and reused by the assigned worker

APRs and Long line resperators and SCBAs will be deconned and reused

All inner suits, inner gloves, outer gloves, Chemtape, and soiled outer suits (both Tyvek SL and Tyvek BR) will be disposed after each entry.
